Harrisburg-Cairo no game.

Johnson and Priest worked in the box Thursday. Johnson started out to pitch the best game of his career, fading the first three batters up. He suffered a relapse in the seventh and walked men. From this on he was hit freely, except in the eleventh when he fanned Gosnell and Shinn with a man on second, retiring the side.

Errors, wildness and dumb playing cost Hopkinsville the game. With the game cinched in the ninth, to the tune of 4 to 3, the locals went to the bat and allowed Clarksville to elicit two runs, this making the score 4 to 5. In our part of the argument, Kesling got life on an error by Zimmerman, advanced to second by Johnson's sacrifice and came home on a two bagger to center, thus tying the score. It remained tied through the twelfth, when errors, and gifts gave Clarksville three runs. This lead was too much to overcome, so the crowd dispersed—Clarksville 8, Hopkinsville 5.

Batteries—Johnson and Smith, Priest and Armstrong.

Yesterday's game was in progress at the press hour, Yon pitching for the locals. The last game this afternoon will be called at 3 o'clock, half an hour early, to let the visitors get away at 5:32. Beasley will likely work for the locals.

## Pennant Raising.

The pennant won by the Moguls for the first half will be floated in the park next Thursday when Vincennes comes. President Dortch will make a formal presentation to the team.

## Bunts And Flies.

Smith and Hurst made their initial appearance as Moguls Thursday. Smith caught a good game, and handled the stick well. Hurst made two errors, both however being excusable.

McArthur has been dubbed "Snail" McArthur by the Papoose boosters, on account of his newly acquired slow delivery.

Two sensational field catches were made by Moguls at Paducah. One was a running catch by Jones and the other a wonderful pull down by Lyons with his mit hand.

"Phenomenal" Nichols was measured for a drubbing by "Boy Wonder" McArthur at Paducah.

Cairo won 8 out of 12 games away from home.

Less than a steal second on Catcher Z. Taylor than any other catcher in the league. No one has stolen home on Biz Liz so far this season.

Old Paducah must have been going home when they won that fifteen inning battle from Hoptown.—Fulton Leader.

Henderson has released Pique and Ephofen and signed Rollings, for second, and Euloe for short.

Umpire Pearce got himself in bad at Henderson by his work. The Journal claims that he gave Fulton every advantage.

The News-Democrat says McArthur's work in the box Tuesday was classy all round, his slow deliberate work being something new to the excitable fans.

Kesling played a good steady game Thursday. He made the tying run; and in the tenth stabbed one that looked good for at least two bags. It was when hits counted too.

## AT FAIRVIEW

## The Next Meeting of Bethel Association Will Be Held.

The Eighty-ninth annual meeting of Bethel Association was held at Adairville Tuesday and Wednesday. The attendance was unusually large, and the meeting was one of the most successful held in years. Rev. B. F. Hagan, of Trenton, was elected moderator, and H. H. Abernathy, of Hopkinsville, was re-elected clerk. The collections for missions reported was nearly \$10,000. The election of a treasurer was referred to the Executive Committee. The next meeting will be held with Bethel church, at Fairview, on the site of the birthplace of Jefferson Davis, the second Tuesday in August 1912.

The people of Adairville were boundless in their hospitality. The messengers were entertained in their homes and on both days fine dinners were served on the church grounds.

Hopkinsville had about 25 representatives and the churches throughout the county had about as many more.

## CEREUS PLANTS

## Are Blooming For The First Time In Hopkinsville.

Two ladies of Hopkinsville are the proud possessors of specimens of the rare night blooming Cereus, which plants are now blooming. Mrs. Lucy Ellis has a large one three years old, which has three blossoms. Mrs. Walter Kelly has a smaller one two years old, which has had two blossoms, one of which has faded. Both plants have buds and will produce other blooms.

The Cereus is a wax like plant of the Cactus family, a native of South America. Its blossoms grow out from the edges of the thick leaves and are quite fragrant. They are very large bell shaped white flowers with a touch of yellow.

The blossom is of the monadelphous family, having the filaments of its stamens united in a tube or ring, fringed around the edge. They bloom only at night and are very seldom seen in this section. They are attracting much attention on the porches of their owners.
